## The New Dentist.

Dr. D. S. Henry, of Nicholasville, has moved to our city to make his home. Dr. Henry has rented the Dr. McMillan rooms, on Broadway, and has fitted up his dental parlors and is ready to receive patients.

Dr. Henry sold out his business in Nicholasville to a brother dentist a number of months ago, giving up large practice, to move South, but after living there several months found it did not suit him and returned to old Kentucky. Being unable to repurchase at advance price his old stand in Nicholasville, he visited Paris several times and concluded to locate here, and says he has come to stay regardless.

The Doctor comes highly recommended as a dentist and his wife as a most excellent Christian woman. They were both working members in the Baptist Church at their old home and we will join with our Baptist brethren here in welcoming them to our city. They are at present boarding at the Fordham hotel.

An ordinance was also passed requiring all property owners on Eighth Street, between High and Walker's Avenue, and on Walker's Avenue between Eighth and Short Streets, to make connection with the sewer on said street.

## EMBRY &amp; CO.,

LEXINGTON, KY., ARE MAKING EXTENSIVE IMPROVEMENTS.

Requirement For Ample Space Necessitates Making of Important Changes in Up-to-date Store.

In keeping with the idea of "The Greater Lexington" and also with that of its own marked progress, Embry & Co., outfitters to women, are in the midst of improvements in their shop at 141-143 East Main street, in Lexington, that will make it one of the most attractive in the South.

On account of the pressing demand for more space in each department the second floor is being remodeled for the millinery parlors, leaving the entire first floor as show rooms for the garment department.

The millinery parlors are being appointed in the most exquisite style with a beautiful color scheme of green, white and gold, and elegantly furnished to accommodate its extensive and exclusive patronage.

The garment department occupying as it will henceforth the entire first floor will be probably the largest and certainly the handsomest in the South, accommodating the most varied stock this firm has ever shown.

Mrs. Henrietta Campbell Ballard, who has accepted a position as assistant buyer, will be a valuable acquisition, enjoying as she does a wide circle of friends and acquaintances.

W. R. Embry, buyer for the garment department, together with Mrs. Ballard, has just returned from New York. Having made this early visit to the East, new models for the Spring are now being shown.

Miss Embry, buyer for the millinery department, will join her designer in New York shortly for a stay of several weeks. In the meantime Palm Beach hats are being shown to those going South.
